

Thames Valley District School Board

Our school is committed to providing all students with a safe, caring, and inclusive learning environment free from bullying and harassment that promotes respect, acceptance, and empathy.

Our staff, students, parents and community will work together as a team to make our school safe and welcoming for everyone.

Safe and Inclusive School Plan

Ensuring Positive Learning Environments

This year we are continuing to focus on building healthy relationships, acceptance of differences and improving conflict resolution skills. We are doing this to see an improvement in student well-being, behaviour and overall academic achievement.

Throughout the year, we will be:

1. Facilitating workshops and learning opportunities to focus on healthy relationships, equity, resources, inclusions and restorative practices and conflict resolution.
2. Engaging with our community partners and families/guardians about fostering healthy relationships and managing conflicts.
3. Acknowledging positive acts that build healthy relationship skills within the community and beyond.

Community/Home Connections

Ask your child about one act of kindness that they did during the day.

Encourage your child to resolve conflict with peers by listening to one another and being respectful to each other.

Encourage your child to use their voice for advocacy and to support others.

Foster an attitude of resilience by encouraging students to be positive and encouraging when doing hard things, "I can't do this yet!"
